

I feel that my husband and I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. We pay for these services and it should not be up to the National Association of Broadcasters to dictate what we are permitted to hear. Respectfully, we urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that we have requested of XM radio and deserve.

Sincerely,

Kathy and Gary Berg
